50X1

1. A conference was held in the office of Lt. Col. Shenk USAF on 6 September for the purpose of reviewing proposal on the system. Among those present were:

50X1
50X1

- Col. J. H. Rothrock, MCRBE-O
Wright Field, Dayton, Ohio
Lt. Col. Shenk. USAF

50X1

The opening address, outlining broad principles of cooperation between the USAF and CIA, was presented by Brigadier General Yates, USAF.

2. Technical principles of operation and design of the unit were reviewed by personnel in attendance. It was agreed that:
- a. The choice of operating frequency will be restudied due to daylight operation requirements.
 - b. The power requirement will be restudied to a smaller battery and to include a hand powered generator for battery charging.
 - c. To include the design and construction of the receiver, recorder, and decoding system as a part of the original design.
 - d. will reconsider and resubmit their proposal to USAF in the light of requirement changes.
 - e. Development Section will write the specifications for this equipment.
 - f. Col. J. H. Rothrock will supply sample A.F. specifications.

50X1

3. The problem of low temperature operation of storage batteries was discussed and it is apparent that further study will be required. was introduced to Mr. Larson of the Signal Corps to discuss this problem.
